

JOIN THE FIGHT AGAINST DATA CENTERS

WHO - NH Communities Against Data Centers

WHAT - An organizational meeting for a formal group to oppose data centers in NH. Community members and others must step up to work with our elected officials at the local and state levels. Even though our town committees and boards are doing all they can, there are no laws or guidance from the State to protect our towns from data centers.

GOALS (of the meeting) - We'll be forming sub-committees to take on different aspects of this effort: research, education and outreach, PR, etc. And we will plan future actions at the local and state levels.

WHEN - June 19th, 6-9 PM

WHERE - Nottingham Community Center Gym, 139 Stage Road, Nottingham

GUESTS - Our guests will include: organizers who were instrumental in keeping the ICE detention center out of Merrimack, environmental experts, and more TBD

Beverages and snacks will be available.

Donations (cash only please) gratefully accepted to cover the cost of supplies and food.

Please RSVP to NoDataCentersNH@gmail.com so that we can plan for refreshments.

Adults and teens only please

PLEASE SHARE WITH YOUR FRIENDS AND NEIGHBORS!
