

Rockingham County Democratic Committee

Action Alert for the week of February 2

Governor's State of the State address

Thursday, February 5 at 10 AM. You can watch it [here](#).

Education

Oppose HB751

[HB751](#) allows students to attend any public school in the state (open enrollment). The [funding approach](#) could hurt poorer districts, shift local tax dollars to wealthier schools, reduce real choice for disadvantaged families, and undermine local decision-making—all without increasing state support for public education. **Email your representatives by Thursday. Ask them to vote non-concur on HB751.** Stress that open enrollment must have a public hearing.

Bonus: Email GovernorAyotte@governor.nh.gov and tell her that open enrollment needs a public hearing.

Support HB1212

[HB1212](#) establishes a commission to review draft rules related to minimum standards for public school approval and state academic standards developed by the department of education.

[House testimony](#)

Education Policy and Administration

2/2, 1:00

Taxes/Cost of Living

Oppose HB155

[HB155](#) cuts the Business Enterprise Tax. This \$26M corporate tax break would drain millions from schools, housing, health care, and child care, while leading to higher property taxes for the rest of us.

[Senate testimony](#)

2/4, 9:30 AM

Ways & Means

Support HB1484

[HB1484](#) establishes a \$12/hr minimum wage and provides for incremental increases until it reaches \$17 on Jan 1, 2029.

[House testimony](#)

2/3, 2:30 PM

Labor

Support HB1750

[HB1750](#) makes a \$4.4M supplemental appropriation to DHHS to keep SNAP running after a decrease in federal cost sharing. Without this bill, over 76,000 New Hampshire residents will lose access to SNAP—and to food.

[House testimony](#)

2/2/2026 at 11:00 AM

Housing

Oppose HB1196

[HB1196](#) repeals the NH Housing Champion Designation and Grant Program, which provides grants to municipalities that adopt housing-friendly policies. **Email your representatives by Wednesday —urge them to vote NO on the repeal of the bipartisan Housing Champions Program and keep incentives** that are already helping communities create workforce and affordable homes.

Support HB1612

[HB1612](#) makes the use of price-fixing software by landlords a violation of the consumer protection and requires the department of justice to investigate complaints. **Email your representatives by Thursday and urge them to vote NO to help protect NH renters.**

Support HB1661

[HB1661](#) expands the Housing Finance Authority's "community heroes" initiative, which provides financial assistance for homeownership to essential workers. **Email your representatives by Thursday and urge them to vote NO to help essential workers afford housing.**

Healthcare

Oppose HB1811

[HB1811](#) repeals statutory immunization requirements for children, increasing the likelihood of dangerous disease outbreaks.

[House testimony](#)

2/4, 9:00 AM

Health, Human Services

Support HB1316

[HB1316](#) restricts the collection and disclosure of autism-related data by state agencies.

[House testimony](#)

2/4, 2:00 PM

Health, Human Services

Other issues

Support HB1487

[HB1487](#) creates an independent commission to propose redistricting maps for the legislature to consider. This would fix the problem of partisan gerrymandering. [Email your representatives](#) by **Thursday and ask them to vote NO on the “inexpedient to legislate” recommendation.**

Oppose HB1697

[HB1697](#) exempts firearms manufactured and retained in New Hampshire from federal regulation, which undermines the few federal gun safety standards we do have and weakens tracking/accountability. [Email your representatives](#) by **Thursday and ask them to vote NO on the “ought to pass” recommendation.**

Oppose HB1793

[HB1793](#) prohibits public colleges and universities from regulating the possession or carrying of firearms and non-lethal weapons on campus. [Email your representatives](#) by **Thursday and ask them to vote NO on the “ought to pass” recommendation.**
