

AI - WE'RE NOT READY

The advancement in AI capabilities are more rapid than any other technology in history.

While we are all generally aware of what's happening, very few know how fast things are changing and how unprepared we are at every level for the impact.

Here are three articles on the topic for starters:

From Fortune magazine: <https://fortune.com/2026/02/11/something-big-is-happening-ai-february-2020-moment-matt-shumer/>

From The Atlantic: <https://www.theatlantic.com/magazine/2026/03/ai-economy-labor-market-transformation/685731/>

From Scientific American: <https://www.scientificamerican.com/article/deepfakes-are-getting-faster-than-fact-checks-says-digital-forensics-expert/>
