

ARE YOUR PROPERTY TAXES TOO HIGH?

**Nottingham residents are represented in the NH House by
Scott Bryer, James Guzofsky, and Paul Tudor.**

They all voted against House Bill 550 to increase state aid to local school districts by more than \$3000 per student. This bill could have lowered your taxes by 14%. Owners of apartments would save as well, which could help them avoid raising their tenants' rents.

Your House Value	Your Savings
\$300,000	\$855
\$400,000	\$1,150
\$500,000	\$1,425

\$855, \$1,150, or \$1425 is a lot of money for most of us. It's too bad that Scott, Jim, and Paul cared more about how their party leadership directed them to vote, than about the people who elected them.

**The next time they tell you they can't do anything about
the amount we all pay in property taxes.....don't believe them!**

We need to pay attention!
